JAWABAN SOAL NOMOR 1

A mammal is a warm-blooded vertebrate animal that belongs to the Class Mammalia. Mammals are unique because they have hair or fur on their bodies, give birth to live young in most species, and produce milk through mammary glands to feed their babies. They are warm-blooded, meaning they can maintain a constant body temperature, and they all have backbones

JAWABAN SOAL NOMOR 2

Dear God the only thing I ask of you is to hold her when im not around when im much too far away
